

UPCOMING CHANGES FOR 2012 FAQs

FEES

Effective January 1, 2012, some Erie Community Center (ECC) membership fees will increase by approximately 5%. Membership fees that are currently \$60 or less will not change. Fees for the 10-visit punch pass are not changing. Non-resident fees will remain approximately 25% higher than resident fees.

Q: Why are our fees increasing?

A: Membership fees have not changed since ECC opened on January 5, 2008. While costs associated with operating the ECC – such as staffing, utilities, services and supplies – have increased over the past four years, we have not passed on those increases to our members.

It has been an extremely difficult decision to elect to increase fees, especially in the current economic times. We worked hard to try to avoid this over the past few years. Unfortunately, the time has come to ask members to help cover a portion of the increased costs of operating the ECC. We are committed to continuing to provide each and every member a clean, safe and attractive facility, our signature level of guest service, and great value for money.

Q: How do ECC fees compare with other nearby recreation centers?

A: ECC fees are, and continue to be, highly competitive with other nearby recreation centers. Erie is not the most expensive and it is not the least expensive center. Recreation centers offer varying member benefits and amenities which makes it difficult to compare “apples to apples”. The ECC is the newest in the immediate area and does offer some amenities not available at other locations. Please note that ages may vary per type of pass at the below listed recreation centers.

Independence Day	Wednesday, July 4	Christmas Day	Tuesday, December 25
Labor Day	Monday, September 3	New Year's Eve	Monday, December 31

Q: Why are the hours of operation changing?

A: We have studied many aspects of the Center operations in our efforts to control rising costs. Monitoring guest usage patterns is one of those areas we review on a regular basis. Using that data, we have identified hours when we experience the lowest usage levels. By choosing to close during those hours, we have attempted to minimize the impact on our members and guests.

Once again, these are difficult decisions to make as we know it may negatively impact some of our members and guests. We apologize for any inconvenience this may cause. We will continue to monitor guest feedback and usage patterns and recommend adjustments to our operating hours as needed.
